Honorable William E. Colby  
Executive Director, Central  
Intelligence Agency  
Washington, DC 20505

Dear Mr. Director

For the past several years, this Institute has sponsored a Visiting Lecturers Program as a supplement to the regular graduate programs of the School of Engineering. It is important to take our students out of their tight spheres of weapons-oriented engineering studies, and their education has been valuably enriched through these contacts with leaders in humanities, science, and government.

Your recent presentation on the operations of the CIA given at the Federal Executive Institute, Charlottesville, Virginia, has come to our attention. A similar talk would be a most desirable addition to our Visiting Lecturers Program for 1973. I would like to invite you to speak before our assembled faculty and student body during 1973 on a date which can be arranged.

I hope that you will be able to do our Institute the honor of accepting this invitation.

Sincerely

ERNEST A. PINSON  
Major General, USAF  
Commandant
